

Information to our tenants

Extra fee for incorrectly sorted rubbish!

To You who live at Göingehem!

We wasted SEK 2.5 million in 2020 because we sort our rubbish incorrectly. These SEK 2.5 million could Göingehem use for so much else, like refurbishing the apartments or make outdoor environments nice.

ÖGRAB, the municipality's waste company, charges Göingehem an extra cost of SEK 1,500 for each incorrectly sorted dustbin. For you tenants, this means an extra monthly fee of either 22, 44 or 66 kronor, depending on the type of Your apartment.

The extra fee for waste sorting is discounted the next month if the waste sorting is good.

Compliance with good waste sorting is checked regularly by Göingehem's staff.

With common efforts we can get rid of the fee!

On the next page you will find information and help about how to sort your garbage correctly!

This information is available in English and Arabic on

Göingehem's website, www.goingehem.se

Help us sort rubbish correctly!

We can all help to ensure that our garbage ends up right. Read carefully on each packaging and sort the garbage in the dustbin where it belongs.

During the spring and summer, Göingehem comes to have projects with environmental informants which will be in place in the residential areas to help you tenants in the environmental spaces.

Are you unsure of what belongs in respectively dustbin? Visit the Sorting Guide at ÖGRAB's website and be guided: www.ograb.se/avfallskollen-blir-sorteringsguiden/

The food waste must be thrown in the brown paperbags! Have your garbagebags run out? Notify Göingehem on 044-775 25 00, then we deliver new ones to your door.

Our hope is that we will get better to sort so that the fee for all tenants can be removed.

Greetings Göingehem & Hyresgästföreningen
